About MESSAGEmanager Solutions

MESSAGEmanager Solutions is a developer and integrator of intelligent messaging and communication solutions that unite telephony and information technology in a way that embraces an organisation's availability, customer service and efficiency.

Our strategic technology alliances ensure we have access to the latest development platforms and tools for our innovative solutions.

MESSAGEmanager Solutions is a Microsoft Gold Certified Partner, IBM PartnerWorld Member, SAP Certified Solution, HP Development Partner, Dialogic, Nuance, Avaya Gold Partner, Cisco Technology Developer Affiliate and Audiocodes Partner.

Our experienced Technical and Development services make a real difference supporting customers and partners in their aspirations and developing value propositions in response to individual customer requirements.

Our leadership in IP Communications with certified, tested integration signifies our ability to deliver proven, flexible and reliable solutions in IP environments.

- Avaya DevConnect Tested
- Cisco Interoperability Verification Tested
- Audiocodes Certification

Our history dates back to 1982 with the development of solutions that enabled Word Processors and Mini and Mainframe computing systems to send and receive telex messages. Today, we are a global leader in IP Fax and voice messaging and communication solutions.

- ▶▶▶ In 1986, we developed the World's First Fax Server and fax diagnostic tools for Australian Carriers Telecom and OTC.

Today, MESSAGEmanager FAX enjoys over 60% Asia Pac market share according to a recent IDC Davidson Consulting Fax Report.

- ▶▶▶ In 1986, our Voice Response solutions provided telephone callers with the price and availability of fish for the Sydney Fish Market and Foreign Exchange Rates for Westpac.

Today, the MESSAGEmanager Speech Enabled VoiceXML solution delivers flight information to callers to Melbourne Airport and details of bushfires and road closures to callers to the NSW Rural Fire Service.
